

SPECIALTY REINSURANCE, PLACED WITH PACE.

Expertise for complex risks.
Clear decisions, tailored structures
and responsive communication.

www.pacespecialty.com

WE START WITH THE RISK.

Pace Specialty is the trading division of Pace Reinsurance Services LLC, part of Pace Underwriting Group. Based in New Haven, Connecticut, we work with cedants, brokers and reinsurance markets.

Headquartered in New Haven, Connecticut, we provide direct access to US and international reinsurance markets. Our underwriters bring technical experience in each of our six specialty lines.

We assess each submission on its merits and structure the programme around the exposure. Partners receive clear, documented responses and one accountable team throughout the placement.

01

PRECISION

Structured around the actual risk.

02

SPEED

Fast, clear answers on every submission

03

OWNERSHIP

Accountable from first call to bound order.

STRUCTURED AROUND THE RISK.

One accountable team stays with each placement from initial submission through binding. We identify what matters early, shape the programme around the exposure and keep our partners informed of the next step.

01 SUBMISSION

We review the exposure and confirm the information needed to assess it. Questions at the outset help clarify the risk and avoid unnecessary delay.

A clear view of the information required.

02 STRUCTURE & UNDERWRITE

We shape the programme around the exposure, considering the layers, terms and wording. Technical judgement supports the choice of an appropriate placement structure.

A programme aligned with the underlying risk.

03 BIND & DOCUMENT

We confirm the order and deliver the documentation. The same accountable team remains your point of contact through to the bound placement.

Confirmation, documentation and continuity.

SIX SPECIALTY LINES.

Each class is handled by underwriters with technical experience in that market. Every solution is shaped around the actual risk.

01

CASUALTY

Liability, excess and umbrella programmes.

02

COMMERCIAL PI

Professional indemnity for advice-led firms.

03

FINANCIAL LINES

D&O, crime and financial institution risks.

04

MARINE CARGO

Cargo, transit and stock throughput.

05

PROPERTY

Commercial and catastrophe-exposed portfolios.

06

POLITICAL VIOLENCE & TERRORISM

Standalone cover where property markets exclude it.

LINE SIZE

Programme lines are typically placed up to USD 10m, depending on the class. Larger limits may be arranged across multiple markets.

RISK APPETITE

We consider primary and excess layers, including complex or larger risks that require tailored structures.

GEOGRAPHICAL SCOPE

We consider risks worldwide, with a focus on Europe, the UK, Latin America, MENA, APAC and Africa.

CAPACITY BUILT AROUND YOUR PORTFOLIO.

Treaty reinsurance for Non-Marine and Marine business, with A-rated security and terms shaped to each programme.

NON-MARINE

Property · Engineering · Liability

MARINE

Hull · Cargo

PROGRAMME STRUCTURES

PROPORTIONAL

Quota Share and Surplus treaties. A proportional share of the underlying business.

NON-PROPORTIONAL

Per Risk and/or Per Event Excess of Loss. Protection above an agreed retention.

WHOLE ACCOUNT

Whole Account XL and Bouquet Treaties. Structures spanning an account or grouped classes.

MAXIMUM LIMITS

Up to **USD 5M**
per treaty

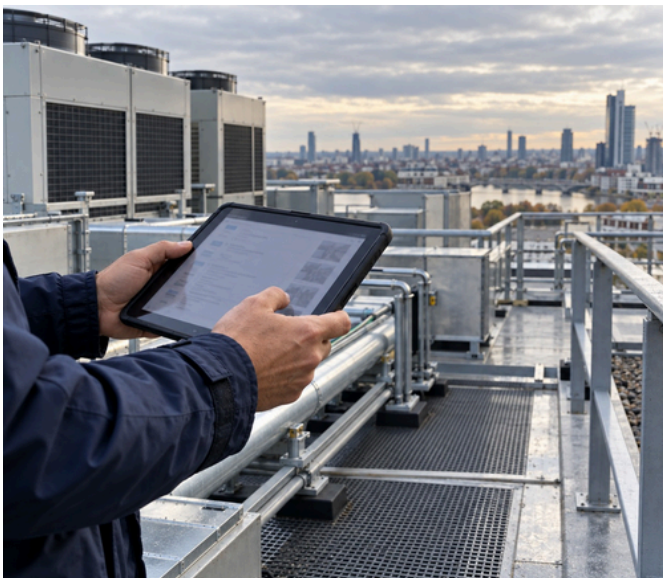

Up to **USD 20M**
aggregate per country

GEOGRAPHICAL SCOPE

Europe (including CIS countries) · Africa & Middle East · Asia

BEFORE THE RISK. AFTER THE EVENT.

Support before a loss and when it matters most. Our services extend beyond reinsurance placement.

RISK MANAGEMENT

Identify exposures, carry out technical assessments and develop practical mitigation measures.

Strategic risk consulting

Analysis and practical recommendations.

Technical risk engineering

Site surveys, assessments and risk controls.

Knowledge transfer

Tailored training and coaching for your team.

CLAIMS

Communicate clearly, assess fairly and work to resolve valid claims without unnecessary delay.

Clear communication throughout the claim.
Efficient processes to reduce administration.
Analysis of loss patterns to refine underwriting and inform future prevention measures.

SEND US YOUR RISK. LET'S FIND THE RIGHT WAY FORWARD.

Speak with our team about a facultative risk or a treaty programme.
